## AWFUL CRIME

### Murdered Infant Found in a Shoe Box in An Old Burying-Ground

The farmers in the vicinity of the Robert Coburn place, on the Mt. Carmel pike, about five miles from this city, are stirred from center to circumference over the finding of a murdered infant yesterday afternoon about 4 o'clock.

The circumstances attending the discovery of the dead body are as follows: A boy named Sherman and a companion set a rabbit trap near a raised vault in the Thompson burying-ground. On going to look after the trap yesterday evening they discovered foot prints in the snow about the vault, which excited their curiosity. Raising the top slab of the vault they

discovered an ordinary paper shoe box and on raising the lid of the box were startled to find the bloody remains of a white infant child.

It had been placed there within the past 48 hours, as the blood on the body was fresh.

Coroner Wood was telephoned to come out at once, but the gentleman could not be found.

Excitement is running high in the neighborhood over the cruel and heartless murder of an innocent babe and a searching investigation is being made. The extreme penalty of the law should be meted out to the guilty party when found.

PAIR WARNING.  
Said the wife of a gallant old soldier,  
"You know that I don't like to scoldier;  
But if you ever again mention  
I married your pension.  
I'll bust your old head—now I've toldier!"

She had lived a life of usefulness and her death will mark the passing away of a noble character.

Miss Boyer had filled the Presidency of the W. C. T. U. of Brown county, O., and at the time of her death was the regularly ordained Pastor of the Chilo (O.) Methodist Church.

The deceased had many friends in this city who will mourn her death.

She has been heard in this city in behalf of temperance as well as that of the gospel.

#### SERIOUS FALL

Hon. John W. Alexander In a Critical Condition This Morning

Yesterday morning about 7 o'clock, in stepping out of his kitchen door and descending a flight of three steps at his residence in Limestone street, ex-Sheriff John W. Alexander fell and broke a rib in his left side, besides being otherwise hurt.

The injured man was properly attended by Dr. Yazell.

Mr. Alexander is in a critical condition and owing to his advanced years it is doubtful if he recovers from the fall.

#### REMEMBER THE POOR

All Who Are Able Should Think of Those Less Fortunate

A few more days and the year 1904 will have given place to that of 1905.

To some it has been a joyous and happy period, while to many sorrow and misfortune have been their portion.

The season is here when the generation of man lays aside sordidness and for the time being the milk of human kindness manifests itself.

Gentle words are spoken and kindly deeds and acts performed, hardened hearts are softened and tight purse strings loosened.

The dying year is a reminder that all things are ephemeral and soon pass away; that life from the cradle to the grave is but a span; then why not do all the good that is possible to be done during the transition?

Let those of means and plenty during yuletide not forget the worthy poor; in your joy and happiness remember there are those in the city less fortunate than yourself.

In giving instead of receiving the Sunday school children of the city are displaying gentleness of heart and in a way giving expression to a sublime and beautiful sentiment "It is more blessed to give than to receive." Let it be in the hearts of all to remember the poor.

#### SPECIAL TRAIN

Arrangements Made for Shoppers Next Thursday on L. and N.

The Board of Trade and the enterprising Business Men of Maysville have facilitated matters for the country people along the line of the L. and N. to do their Christmas shopping.

They have arranged for a special train to leave this city Thursday afternoon at 4:30 o'clock, making connection with the C. F. and A. Railway at Johnson.

Those taking advantage of this can come to Maysville on the regular train at 9:45 a.m. and have nearly a whole day to spend in shopping.

The merchants will that day have special sales and their stores made as attractive as Christmas goods can make them.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Had's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. In Denver they are putting in jail, like ordinary criminals, election officers who have refused to do the work imposed by law. That is the way to get fair elections; make the officers fear to do wrong.

THE Louisville Herald says Kentucky's Democracy has received a lesson from the party in the Nation that it will do well to heed and follow. A small coterie of New York politicians forced a Presidential candidate onto the Democratic masses. He was accepted with taciturn approval. But his very first utterance proved him unfit altogether for party leadership. His defeat was, from the day he first attempted a declaration of policy, as certain as night is to follow day. The National Democratic organization indorsed him, it is true, but it could not bring the party voters to the polls. Nearly two million Democratic voters refused to go to the polls. In the abstention from the ballot they did, we believe, wrong to themselves and to the country. The voter who cannot approve a candidacy should mark his ballot against it. There is no disgrace attaching to any man, Republican or Democrat, for scratching a party nomination which he cannot indorse.

The success of the American system depends entirely on freedom.

itizen. Rome  
erns fell into the hands of  
tions, who denied the people all voice  
selection of rulers and the formulation of policies. Were any party in the United States to retain the strength developed at an election; with exclusive chances of accretion from other sources, that party must in time acquire domination. Then would result government by faction. Elections would become a farce. They have, to a large extent, unfortunately, so become in Kentucky. A faction in control of the Democracy in this state not only forbids legitimate competition for office within the ranks of the party, but denies Republican and independent citizenship every chance of a successful registration of opinion.

So long as this condition endures elections must be a farce. The Democratic party gains nothing by it. The weakest men in its ranks, and often the most unworthy, are brought by the machine system to the front. It is always the independent, fearless, out-spoken leader who insures success to a party. He does not dwell in the past. He depends not on a mere party name. He formulates a purpose and policy appealing to men in the present. The Muhlenberg News sizes up the Democratic situation accurately when it says that the Beckhams, Franklins and Blackburns are heaping on the Democracy a load of odium "which it cannot long survive." The Democracy must certainly get rid of its load before it can climb the hill of triumph.

### FAIR BENDS.

Louisville Herald.

Congressman Kehoe thinks that Democratic Courts have to bend over backward to be fair. We don't believe it. All that any Judge has to do to be fair is to stand erect and unmoved between rival claimants. What they do not want is to have their Courts bend sideways.

## NARROW ESCAPE

### Hunt's Drygoods Emporium Came Near Having Disastrous Fire

Saturday Mr. H. L. Boughton, decorator at D. Hunt & Son's drygoods store, was trimming the wick in a coal oil stove and in some manner the thing became ignited and a big blaze was the result.

For a time things about the big store had a squally look.

It seems in his excitement the young man lost his head and had it not been for the presence of mind of the colored porter in picking up the burning stove and throwing it out of a third story window, the chancery there would have been a big and costly fire to have reported this morning.

## SOCIAL EVENTS

Cynthiana Democrat.

Mrs. W. C. Lydick's reception Wednesday afternoon in honor of Mrs. Davis of Maysville and Mrs. Molloy of Covington marked a delightful feature of the week. A large number of guests called. The house was handsomely decorated. In the receiving line were Mrs. Lydick, pink silk and lace; Mrs. Davis, grey crepe de chine and lace; Mrs. Molloy, white satin and pearls; Mrs. Myall of Mayfield, pink silk and lace; Mrs. F. G. Sprake, grey silk; Mrs. J. T. Wilson, white satin and duchess lace; Mrs. Clarence Lebus, lace over silk. . . . At six o'clock the Players' Club, together with the ladies who had assisted at the reception, and several gentlemen, were entertained at dinner, and the evening was devoted to euchre.

Although there is plenty of it, the ice has not been heavy enough to do the floating craft any damage.

Wickett are down in the Kanawha river and coal men fear a big damage to loaded coal craft left on the banks by the sudden drop in the stage.

The Ohio river is covered by a thin layer of ice from Louisville to Cincinnati and a solid river for several weeks to come is being predicted by rivermen.

So large has the number of unemployed rivermen become and so serious are the conditions confronting them that the subject was thoroughly discussed at the meeting of Harbor 25 at Pittsburgh Saturday and plans formulated to prevent suffering and privation during the winter. There are in the Pittsburgh District fully 2,500 men out of employment owing to the closing of navigation.

Hints to Lady and Gentlemen Friends.

This is the season of the year that we always have the pleasure of waiting on hundreds of lady patrons. We enjoy it, too. Wish there were more holiday seasons, for the ladies cannot come too often. We are aware that good old St. Nick finds it very hard work fitting men's socks with suitable gifts. A MAN LIKES SOMETHING HE CAN WEAR. But have a care; he doesn't want "bargain counter" stuff; he won't wear antiquated Neckwear. Get him presentware he buys for wearables. Get them HELPS and then you can't go wrong. This whole store is a veritable Christmas tree of gifts. Beautiful Ties, Fanciest Shirts, just right Underwear, substantial Half-Hose, fine Linen Handkerchiefs, good Collars and Cuffs, Handsome Umbrellas, Silk Suspenders, Silk and Wool Mufflers. Let us be your official stocking filler, and "he" will be highly pleased.

**GO TO THE RESCUE**

Don't Wait Till it's Too Late—Follow the Example of a Maysville Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning, Look out for urinary trouble—diabetes. This Maysville citizen will show you how to go to the rescue.

Edward Oliver of 108 West Fourth street says:

It did not require an entire box of Doan's Kidney Pills to entirely end backache which had troubled me for a considerable length of time. I procured the remedy at J. Jas. Wm. & Son's Drugstore, corner of West Second and Market streets and my advice to any one in need of a kidney cure is to try Doan's Kidney Pills and they will not be disappointed at the results obtained."
